When You Are Contemplating Life Insurance

"Talk with WILLIAMS"

WHY?

Because he represents a Company which is pre-eminently ahead in all matters pertaining to the business of life insurance.

It has always been foremost in protecting, advancing and promoting the interests of its policy-holders, and wherever anything is known about the science and practice of life insurance, the Massachusetts Laws and its Insurance Department, by which the Company is governed, are referred to and recognized as authority of the highest order.

You Can EASILY OPERATE This Typewriter Yourself

Don't worry your correspondent.—Don't write him anything by hand that takes him time to make out—that may leave him in doubt—that he can't easily read.

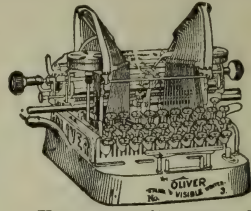

And don't fill out legal papers or card memos—or make out accounts or hotel menus in your own handwriting.

It looks bad, reflects on your standing, makes people think you can't afford a stenographer, and is sometimes ambiguous.

You can write out your letters—make out an abstract—fill in an insurance policy—enter your card memos—make out

your accounts or a hotel menu or do any kind of writing you need, on any kind, size or thickness of paper and space any way you want on

The OLIVER Typewriter

You can write any of these things yourself if you do not happen to have a stenographer.

For you can easily learn, with a little practice, to write just as rapidly and as perfectly as an expert operator on the OLIVER. Because the

THE STANDARD VISIBLE WRITER

Oliver is the simplified typewriter. And you can see every word you write. About 80 per cent. more durable than any other typewriter, because it has about 80 per cent. less wearing points than most other typewriters.

Eighty per cent. easier to write with than these other complicated, intricate machines that require "humoring"—technical knowledge—long practice and special skill to operate.

Than machines which cannot be adjusted to any special space—with which it is impossible to write abstracts, insurance policies, or odd sized documents except you buy expensive special attachments requiring experts to operate.

You can adjust the OLIVER to any reasonable space—you can write on any reasonable size and thickness of paper, right out to the very edge, without the aid of any expensive attachment or special skill and your work will be neat appearing, legible and clear. For the OLIVER is the typewriter for the doctor, the lawyer, the insurance agent, the merchant, the hotel proprietor—or any man who does his own writing. Write us now for our booklet on the simplified features of the OLIVER.
